

Labeling & Delivery Instructions for Wine Entries

Labeling –

At least four (4) x 750ml bottles of wine are required for each entry. Commercial labels identifying brands and varieties are asked to be left on.

If you use 350ml bottles, please notify the Event Manager - Caroline Dickenson - by email events@internationalcoolclimatewineshow.com and you will be required to send six (6) bottles per wine entry.

Labels can be downloaded from your WineShowPro account once your entry is completed. You will need to use Avery Labels (12 to a page), for the labels to print out correctly - Avery Labels Code: 72x63-R . If you prefer, you can use A4 paper and cut the labels out, BUT you must affix these safely on the bottle and protect them from becoming ripped off or damaged. Once printed, place the entry label on the side of the wine bottles, so the front label of the wine is unobstructed, in case we need to confirm anything.

PLEASE NOTE – Unlabelled bottles may not be accepted for judging.

Delivery Window -

Wine entries can be delivered to the ICCWS Inc between the following dates - **1st June 2026 until 21st August 2026.**

INTERNATIONAL ENTRANTS PLEASE NOTE:

It is best to send your entries as soon as you can, as Australian Customs can take extra time to process your entry through their system.

You will need to write the following on your paperwork:

“No Commercial Value/Not for Resale – International Cool Climate Wine Show Entry only”

Method of Delivery -

These can either be sent via Australia Post or your preferred courier service.

Should you wish to make an appointment to deliver your entry personally, please contact the Events Manager via email events@internationalcoolclimatewineshow.com to organise a suitable time for you both.

The delivery address is - Factory 4/4 Cannery Court, Tyabb, 3913, Victoria, Australia
