

**The Chairman of the International Cool Climate Wine Show (ICCWS), Paul White, is pleased to announce the Partnering with “Guala Closures Group”.**

Guala is leading the world in sustainable closure manufacturing, providing environmentally friendly solutions via its “Blossom” product range, without compromising the perfect control of wine quality.

John Leake, Commercial Director, Australia, and New Zealand for Guala, confirmed an exciting new partnership program with the ICCWS yesterday.

John was pleased to announce that as part of the Trophy for

1. The Best Australian Wine and
2. The Best New Zealand Wine

Guala is providing a full set of tooling for any new 30x60mm screwcap closure up to the value of **\$3,000**. (Note: This will enable a fully decorated, top embossed closure to be set up free of charge, including digital artwork, colour proofs, and all tooling for the production).

As further support and commitment to this major event, the ICCWS, Guala Closures would like to offer all registered winery entrants (2022 exhibitors) the following incentive to convert to a printed cap or re-design their printed closure:

3. A 50% discount on all tooling costs up to a maximum value of **\$1,000** for anyone closure design.

Minimal Conditions Apply:

- a. Order to be placed before **September 30<sup>th</sup>, 2022**.
- b. Minimum order quantities of just **38,000 units**.
- c. Production from our Australian or New Zealand-based manufacturing facilities.

Paul White indicated that this is a win-win for all those wineries that enter the ICCWS in 2022, as it provides opportunities for both small and large wineries alike to benefit from this offer.

For all inquiries, please contact Paul Gunawan at Guala. E: [paul.gunawan@gualaclosures.com.au](mailto:paul.gunawan@gualaclosures.com.au)

Entries for the 2022 ICCWS are still open until 30 April 2022. [Click Here to Enter](#)
